Front End Technologies Week 8 Coding Assignment

Points possible: 75

URL to GitHub Repository:

https://github.com/Sparkyack/Week-8-Assignment

URL to Video explanation:

file:///C:/Users/spark/Promineo%20Class%20Slides/Week8%20Slides%20and%20Code/Week8%20Zoom/video1371226739.mp4

Instructions: In VS Code, or an IDE of your choice, write the code that accomplishes the objectives listed below. Ensure that the code compiles and runs as directed. Take screenshots of the code and of the running program (make sure to get screenshots of all required functionality) and paste them in this document where instructed below. Create a new repository on GitHub for this week's assignments and push this document, with your JavaScript project code, to the repository. Add the URL for this week's repository to this document where instructed and submit this document to your instructor when complete.

Coding Steps:

1. Style the website you made last week using CSS. Below are the requirements:
    a. Use only external CSS file (no internal or inline styling)
    b. Every element must be styled
    c. Create style rules using class, id, and element selectors
